Re: Hurlburt Comments to Public Service Board order entered

The Hurlburt's do hereby move and motion the Public Service Board
to order VGS; regarding whether and, on what terms, VGS is authorized
to continue with construction of it's pipeline project.

We request part of the terms to read as follows: When the evidence
brought forth concludes that the project is no longer in the public good,
VGS will have to absorb all costs of it's pipeline project; past, present
and future, and may not pass it's costs onto it's customers, nor use any
public funds to recoup expenses incurred by the pipeline project.

We confirm our prior concurrence with the Palmer's motion, and
request that the PSB include under 248 criteria; under rule 60B review

Section 248(a), 248(b2), 248(b3), 248(b4), 248(b5) and 248(b6).

Sincerely,

A handwritten signature in black ink that reads "Michael G. Hurlburt". The signature is written in a cursive style with a long horizontal flourish extending to the right.
