

STATE OF VERMONT  
PUBLIC SERVICE BOARD

CPG #NM-414

Application of Gary Kjelleren for an Amended )  
Certificate of Public Good for a net-metered wind )  
turbine system )

Order entered: 10/15/2010

**I. INTRODUCTION**

This case involves an application filed by Gary Kjelleren ("Applicant"), on September 3, 2010, requesting an Amended Certificate of Public Good ("CPG"), pursuant to 30 V.S.A. §§ 219a and 248 and Vermont Public Service Board ("Board") Rule 5.100, for a net metering system. On December 10, 2007, the Board issued a CPG to the Applicant for a wind turbine system. On October 24, 2008, the Board issued an Amended CPG to the Applicant to reflect an increase in the wind turbine tower height. The Applicant is now seeking an amendment to the CPG to reflect the addition of 3.99 kW solar photovoltaic system to the previously-approved 2.5 kW wind turbine system.

Notice of the application has been sent to all parties as specified in the Board's Rule 5.100. The notice stated that any party wishing to submit comments or request a hearing in this matter needed to file comments with the Board within thirty (30) working days of the date that the notice of the application was sent.

No other comments have been received from other parties or interested persons.

The Board has reviewed the application and accompanying documents and agrees that, pursuant to 30 V.S.A. §§ 219a and 248 and the Board's Rule 5.100, a CPG should be issued without further investigation or hearing.

**II. FINDINGS**

Based upon the application and its accompanying documents, the Board makes the following findings in this matter.

1. The proposed net metering project will be on property owned by the Applicant and located at 76 Lakeview Road in South Hero, Vermont. Application at Section 1.
