

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket No. 6343

Petition of Business Telecom, Inc. for Approval)
of an Indirect Transfer of Control)

Order entered: 3/27/2002

I. INTRODUCTION

This case involves a petition filed on December 9, 1999, by Business Telecom, Inc., d/b/a BTI ("BTI" or "Petitioner"), seeking Vermont Public Service Board ("Board") approval under 30 V.S.A. § 107, for approval of an indirect transfer of control resulting from a pre-negotiated plan of reorganization in its parent corporation's Chapter 11 bankruptcy proceeding.

On March 12, 2002, the Vermont Department of Public Service ("Department") submitted a letter to the Board indicating that the Department had no objection to the transfer of control. The Department noted that the transaction should not have any adverse impact on Vermont consumers. Further, the Department also had no objection to the issuance of an order without hearing or further investigation, as provided under 30 V.S.A. § 107.

II. FINDINGS OF FACT

Based upon the petition and accompanying documents, the Board makes the following findings of fact.

1. BTI received a Certificate of Public Good (CPG No. 115) to provide telecommunications services in Vermont on November 24, 1992. BTI is a wholly-owned subsidiary of BTI Telecom Corp. which is not authorized to provide telecommunications services in Vermont. Petition at 1-2.

2. Pursuant to an equity financing transaction, BTI will issue and sell a new series of preferred stock. The sale will result in the transfer of control of approximately 19.8% of BTI Telecom Corp. and, in turn, result in an indirect transfer of control of BTI to the new investors. Following the transaction, BTI will continue to operate in all respects as it currently operates,

pursuant to existing operating authority. Neither the name of nor the terms and conditions of service offered by BTI will be affected by the transaction. Petition at 2-4.

3. Completion of the proposed transaction will promote the public interest in that it will promote competition among telecommunications providers by providing BTI with access to greater financial resources, thus strengthening its competitive position and enabling it to pursue marketing and business plans more effectively. Petition at 4-5.

III. CONCLUSIONS OF LAW AND DISCUSSION

The proposed transaction requires Board approval under 30 V.S.A. § 107, which applies to a direct or indirect acquisition of a controlling interest in a Vermont utility.¹ Under Section 107, a "controlling interest" is defined as 10% or more of the outstanding voting securities of a company. Section 107 requires a finding that the transfer of control will promote the public good. This standard is met in this case. The proposed transaction will promote the public good, because the indirect transfer of control of BTI will allow it access to greater financial resources, thus allowing it to operate in a more flexible manner. In the competitive arena of telecommunications, the overall effect of this transfer may promote more customer choice in terms of services, with stronger competitors in the Vermont telecommunications market. It should also be noted that the transfer of control will not have an adverse impact on Vermont consumers as BTI will continue to operate according to its present authority.

For all of the above reasons, the proposed indirect transfer of control of BTI should be approved.

1. Approval under 30 V.S.A. §§ 231 and 311 is not required because the current holder of the Certificate of Public Good will continue to be the entities providing telecommunications service in Vermont.

IV. ORDER

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Public Service Board of the State of Vermont that:

1. The indirect transfer of control of Business Telecom, Inc., d/b/a BTI, is approved.
2. Petitioner shall file a letter notifying the Board of the completion of the transaction within one week of such completion.

DATED at Montpelier, Vermont, this 27th day of March, 2002.
