CERTIFICATE OF PUBLIC GOOD ISSUED
PURSUANT TO 30 V.S.A. § 248

IT IS HEREBY CERTIFIED that the Public Service Board of the State of Vermont this day found and adjudged that proposed construction and use by Entergy Nuclear Vermont Yankee, LLC of an approximately 3,200-foot long, approximately four-foot high and approximately five-foot wide security barrier system with vehicle access gates and gravel access roads, in addition to four existing and two new security towers, additional security fencing, supplemental security lighting, and replacement of an underground fuel storage tank with a similar above-ground fuel storage tank at the site of its electric-generation facility in the Town of Vernon, Vermont, in accordance with the evidence and plans submitted in this proceeding, will promote the general good of the State, subject to the following conditions:

1. Construction and operation of the project shall be in accordance with the plans and evidence submitted in this proceeding.
2. The proposed relocation (or change in design) of a certain portion of the security barrier system, as filed in Docket No. 6976, is specifically not approved in this proceeding (Docket No. 6953), and will be addressed in Docket No. 6976. No work, including site preparation, on the portion of the security barrier system to be relocated is permitted as a result of this proceeding.

3. Entergy VY shall promptly file copies of all certifications, permits and other approvals required for the Project, but that have not been filed with the Board as of the date of this Certificate of Public Good.

4. This Certificate of Public Good shall not be transferred without prior approval of the Board.

Dated at Montpelier, Vermont, this 9th day of July, 2004.
