

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket No. 7139

Petition of National Mobile Communications)
Corp. for Approval of a Transfer of Control)

Order entered: 2/2/2006

I. INTRODUCTION

On December 27, 2005, National Mobile Communications Corp. ("NMC" or "Petitioner"), filed a Telecommunications Merger and/or Acquisition Request for Approval Form ("Application") requesting authority from the Vermont Public Service Board ("Board"), pursuant to 30 V.S.A. § 107, for approval of a transfer of control through a stock transfer and merger of its parent corporation.

On January 17, 2006, the Vermont Department of Public Service ("Department") filed a letter with the Board recommending the Board approve the transfer of control because the proposed transaction would not detrimentally impact Vermont consumers or cause them inconvenience or confusion. The Department further recommended the Board approve the Application without further investigation or hearing.

The Board has reviewed the Application and the accompanying documents and agrees that approval should be granted without hearing.

II. FINDINGS OF FACT

Based upon the Application and accompanying documents, we hereby make the following findings of fact.

1. NMC was issued a Certificate of Public Good (CPG No. 527) to provide telecommunications services in Vermont on January 5, 2000. NMC is a wholly-owned subsidiary of SoVerNet, Inc. ("Sovernet"). Application at 1.

2. Pursuant to an agreement and plan of merger, 100% of the preferred stock and 96% of the common stock of Sovernet will be transferred to Atlantic Tele-Network, Inc. ("ATN")

through a subsidiary transaction. Application at 1.

3. Following the transaction, NMC will continue to operate under its current name and tariff. Accordingly, the transfer will not cause any inconvenience for Vermont consumers. Application at 2-3.

4. The proposed transaction will promote the public interest by allowing NMC improved access to financial resources and enhance its competitive position, which may in turn result in increased telecommunications competition in Vermont. Application at 3.

III. DISCUSSION

The proposed transaction requires approval by the Board under 30 V.S.A § 107. This statute conditions approval of a proposed transfer of control upon findings that the transfer of control will promote the public good (30 V.S.A § 107). This standard is met in this case.

Under 30 V.S.A. § 107(a), "[n]o company shall directly or indirectly acquire a controlling interest in any company subject to the jurisdiction of the [Board] . . . without the approval of the [Board]." "Controlling interest" is defined as "ten percent or more of the outstanding voting securities of a company" or such other interest as the Board determines "to constitute the means to direct or cause the direction of the management or policies of a company." 30 V.S.A. § 107(c)(1).¹ In order to approve the acquisition of such a controlling interest, the Board must first find that it will "promote the public good." 30 V.S.A. § 107(b).

After reviewing the Application, we conclude that 30 V.S.A. § 107 applies because the transaction contemplated will result in ATN acquiring the majority of the stock of Sovernet and indirect control of its subsidiary, NMC. We further conclude that the transfer of control will not affect the services that NMC currently provides to customers in Vermont. NMC will continue to offer service at the same rates, terms and conditions. The proposed transaction will also allow NMC improved access to financial resources, which may, in turn, result in enhanced competition among providers of telecommunications services in Vermont. The resulting transfer of control, therefore, will promote the public good. For all of these reasons, we conclude that the proposed

1. The statute also provides that "[t]he presumption that ten percent or more of the outstanding voting securities of a company constitutes a controlling interest may be rebutted by a company under procedures established by the board by rule." 30 V.S.A. § 107(c)(1).

transaction meets the standards set forth in 30 V.S.A. § 107 and should be approved.

IV. CONCLUSIONS

The transfer of control of NMC should be approved because the transaction will promote the public good of the State of Vermont and will not result in obstructing or preventing competition. 30 V.S.A. § 107(b).

V. ORDER

IT IS HEREBY ORDERED, ADJUDGED AND DECREED by the Public Service Board of the State of Vermont that:

1. The transfer of control of National Mobile Communications Corp. will promote the public good and, therefore, is approved.
2. Petitioner shall file a letter notifying the Board of the completion of the transaction within one week of such completion.

DATED at Montpelier, Vermont, this 2nd day of February, 2006.
