good, pursuant to 30 V.S.A. § 248, authorizing the )  
installation and operation of a 2.2 MW solar electric )  
generation facility located at the Southern Vermont Energy )  
Park on Route 7 in Pownal, Vermont )

Order entered: 6/27/2011

**ORDER RE SYSTEM IMPACT STUDY**

On September 8, 2010, the Public Service Board ("Board") granted a Certificate of Public Good ("CPG"), pursuant to 30 V.S.A. § 248, to EOS Ventures, LLC ("EOS"), authorizing the installation and operation of a 2.2 MW solar electric generation facility in Pownal, Vermont (the "Project").

The CPG included the following language as Condition 4:

Prior to commencement of construction, EOS shall submit the Central Vermont Public Service Corporation's ("CVPS") System Impact Study to the Board for approval, and the Department of Public Service for review and comment. Parties shall have two weeks, from the date the plan is filed with the Board, to file any comments.

On May 31, 2011, as required by Condition 4, EOS filed CVPS' System Impact Study ("SIS"), dated August 12, 2010, and CVPS' Addendum to the SIS, dated May 11, 2011, for review by the parties and approval by the Board.

The Board did not receive any comments from the Department of Public Service or any other parties regarding the SIS filings.

The Board has reviewed the SIS filings, and approves the August, 12, 2010, SIS with the amended requirements included in the May 2011 Addendum.

**SO ORDERED.**
