

**2.500 COVID-19 EMERGENCY PROCEDURES****2.501 Purpose, Scope, and Period of Applicability**

(A) Due to the outbreak of the novel coronavirus, COVID-19, the Governor of Vermont declared a state of emergency. The Vermont Supreme Court declared a judicial emergency in Administrative Order 49 and amendments to that order. Although the Governor has lifted the state of emergency, the risk of virus spread and the consequences of the pandemic persist. This revised emergency rule amends various filing and procedural requirements and provides alternative procedures to reduce or eliminate in-person contact between members of the public and Commission staff or other members of the public to reduce the risk of exposure to the COVID-19 virus. A number of measures included in this revised emergency rule have proven beneficial to those who appear before and interact with the Commission. The Commission is undertaking a process of adopting policies and promulgating permanent rules, where appropriate, so that the remaining measures in this revised emergency rule could either be phased out or incorporated into permanent rules. The provisions in this revised emergency rule will be superseded when permanent rules regarding those measures take effect.

(B) This rule shall take effect on the date of its filing, and shall remain in effect for six months, or until the Commission withdraws it. This revised rule supplants in its entirety the prior Emergency Rule 2.500, which became effective March 29, 2023, and will continue to be referred to as Emergency Rule 2.500.
